Building

When you are doing renovations, please keep us in mind. The Town is required by the Province to follow the Ontario Building Code, so it is very important that you apply for a permit when making changes to your building. Not everything requires a permit, but best practice would be to make the application and we can help you do the best and safest job possible. For more information check out our website at www.smithsfalls.ca go to the Town Hall tab, click on Documents from the drop down and scroll down to Forms and Permits. Signs

Every sign in Town requires a permit. Permanent signs only require it once (prior to installation) but portable signs require it to be renewed yearly. Please make sure that you have the design of your sign ready upon submitting your application to ensure a quick turnaround. You can obtain applications at www.smithsfalls.ca go to the Town Hall Tab, click Documents, and scroll down to Forms and Permits.
